2000 SERIES

Built with a rigid steel shell and clear acrylic pockets that allow complete visibility, Mag Rak™ Series 2000 magazine racks provide the ultimate in flexibility. Available with one, two, three or four pocket configurations, these racks can be installed with or without wood side panels. An additional feature allows these racks to be installed side-by-side with optional wood add-on center panels. Steel shells are available in Black, Sandstone, or Lunar White powder coat finishes. Optional solid wood side and add-on center panels are offered in Victorian Cherry, Walnut, Mahogany, Oak and Black on Oak. Optional Model 2000 acrylic pocket divider splits pocket for pamphlet display.

2110

2100 SERIES

Constructed of rigid steel with clear acrylic front panels, Mag Rak™ Series 2100 is perfect for odd sized documents such as medical records or legal files. Available in a one-pocket configuration, these racks can be installed with or without solid wood side panels. Optional solid wood add-on center panels make it possible to install these units side-by-side. Available in Black, Lunar White or Sandstone powder coat finish with optional solid wood side and add-on center panels in Victorian Cherry, Mahogany, Walnut, Oak or Black on Oak.

2112/2212 SERIES

New federal regulations are now in place regarding the privacy of medical files. Mag Rak™ Series 2112 & 2212 feature frosted front pockets to improve your file privacy. The frosted pocket front covers the viewable area.

The cutout makes it obvious that there is a file in the rack and allows it to be retrieved with ease. Series 2112 has the same dimensions as the Series 2100 for medical records or legal files.

Series 2212 has the same dimensions as the Series 2200 x-ray size.

These units can also be installed with or without solid wood side panels. Optional solid wood add-on center panels make it possible to install these units side-by-side. Available in Black, Lunar White or Sandstone powder coat finish with optional solid wood side and add-on center panels in Victorian Cherry, Mahogany, Walnut, Oak or Black on Oak.

2301

23 SERIES

The 2301 Fold Down Wall Desk is designed primarily for the Healthcare Industry for use in patient rooms, nurses stations or any place that requires secure HIPPA compliant storage with the convenience of a fold down desk. When closed the 2301 features a locking, slotted storage compartment for dropping in and storing charts, documents and x-rays. When open the interior storage compartment features a steel divider allowing documents to remain upright and organized, and a smooth work surface (21-1/2" w x 18-3/4" d), ideal for quick, convenient use and requiring little space.

The 2301 features sturdy, easy to disinfect, steel construction with no sharp edges and powder-coated paint finishes in Black or Sandstone. All powder-coat paint finishes are certified to be of low VOC content (<50g per liter), and emit no hazardous air pollutants (HAP) or noxious fumes when exposed to fire (NFPA 704 Health=1, Fire=1, Reactivity=0).

All Steel is manufactured with 30-40% post consumer material and is 100% recyclable.

30 SERIES

The 3001 Magazine Rack features single pocket magazine storage, and functions well as a stand-alone piece or as a group with multiple units mounted together as desired. Model 3001 is great for use in lobbies, waiting rooms, offices, patient exam rooms or any space that requires magazine storage.

Model 3001 is formed from a single piece of durable 100% recyclable PETC clear polycarbonate and includes two pre-drilled holes for easy mounting to a wall or door. The 3001 features an aesthetically pleasing curved shaped body. The front of the unit pulls forward to remove or add magazines as desired and automatically springs back into place.
